Atheism

The belief there was once absolutely nothing. And nothing happened to the nothing until the nothing magically exploded (for no reason), creating everything and everywhere. Then a bunch of the exploded everything magically rearranged itself (for no reason whatsoever), into self-replicating bits which then turned into dinosaurs.

And they mock your beliefs.

Post Reappearance:

The Mahdi will divide the Ummah

"The announcer of Mahdi would call out that whoever loves the two (Abu Bakr & Umar) companions of the Messenger of Allah (S) should move to one side. So the people will divide into two groups, a group that loves them and a group that is aloof from them. Then the Mahdi would present aloofness of the two (A&U) to his followers."

-Narrated from the grandson of the Prophet (s), Jafar.
